Translation:
[- - - (he)] shall do it. If anyone [violates what has been laid down], he shall be deprived of the wine and the vinegar by [the one who den]ounces him. He [shall owe] one hekte per amphora to Athena Poliouchos and to Apollo [Pythios], and another to the one who denounces him. This [man] shall give [security] in front of the Three Hundred, as in case of violences. As for the wine, any oath of ignorance shall be of legal value, neither [from citizen n]or from alien.
